Description:

Soft upholstery velvet velour fabric with a large repeated pattern. The charming design shows scattered rectangles overlapping each other, each with their own simple design. The overall theme has a country style element. Over the top of the patchwork part of the design are drifting leaves, mini blossoms and stems of flowers. The three shades used are a pale buff beige, dusky peach and sage green, with all of the colours being used for the detail and the buff as the background parts.

The design on the velvet velour fabric is woven not printed, you can see when you turn the fabric over how the velvet is woven. This is a great quality fabric, for soft furnishings or big upholstery projects. Make a big cosy statement armchair, or use in smaller doses on cushions.
