Description:

Small Gingham, the smartest and most traditional of the three varieties we hold in stock, and widely known as the school uniform Gingham. The small squares in the check pattern measure just an 8th of an inch. As with all traditional gingham, one coloured and one white yarn is used to create the pattern, resulting in a third tone just slightly lighter than the main colour. The smart look of this small gingham is ideal for workwear as well as schoolwear. The taut structure of the fabric can be worked into neat tailoring for mens and ladies shirts.

The fabric is a mix of 65% polyester and 35% cotton, lightweight but tough enough to endure hot washes, after all school activities can get a bit messy. Red, bottle green and navy blue are the most popular shades for summertime school wear, but we also have pink, blue, yellow, lilac and black to choose from. Make sure you check out our [medium quarter inch gingham](#) and [large 1 inch gingham](#) too.
