Description:

Quilted waterproof fabric is a versatile and popular choice for a variety of products, including quilted jackets, pet bedding, outdoor clothing, equestrian gear, and more. At the core of this material is a 100gsm wadding that's quilted onto 4oz waterproof polyester in a Diamond Design. The resulting fabric is not only comfortable but also durable and long-lasting, thanks to its construction.

Great choice of fabric for:

- Pet Clothing
- Pet Bedding
- Outdoor Clothing
- Equestrian Gear
- Quilted Jackets
- Waterproof Clothing

The full fabric usable width is 140cm, making it a practical option for many products. Additionally, our reference KBT1859 waterproof fabric comes in a range of current fashion colours, so you can select the perfect shade to complement your designs.

One important thing to note is that this fabric is not lined. This means that the reverse side of the fabric will show the stitching and wadding, which can impact the overall look of the finished product.

Additionally, it's essential to remember that the quilting process can affect the waterproofing of the top fabric. Therefore, it's essential to take this into account when selecting this material for your product. Despite these considerations, quilted waterproof fabric remains an excellent choice for many different

projects. Its combination of waterproof polyester and durability, making it an excellent option for pet bedding, outdoor clothing, and equestrian gear.

The diamond design of the quilting provides a classic and timeless look, which is always in style.
