Description:

Microfibre Car Headlining fabric, bonded to 2mm foam, is the ultimate solution for enhancing the aesthetics and functionality of your car, as well as various trimming applications. Its versatility extends beyond automobiles, proving equally effective for boat interiors, caravan linings, side panels, door cards, and even horse-boxes. This fabric stands as the epitome of quality, mirroring the materials utilized in contemporary vehicles from renowned brands like BMW, Ford, Audi, Mercedes, Volkswagen, Vauxhall, as well as in camper vans and motorhomes.

Our commitment to excellence doesn't stop at providing premium-grade headlining fabric; we also offer a specially formulated spray adhesive tailored to perfectly complement this fabric, ensuring hassle-free installation and long-lasting durability for your interior projects. With our comprehensive solution, you can elevate the interior aesthetics of any vehicle or recreational space with confidence and ease.
