## Upholstery recycled fabric

### Available Colours:

Product code: KBT13499-CH  
**Selected Colour:** Pomegranate  
Width: 137cm  
Price: £21.99/mtr

### Description:

**100% Dye Free GRS Certified Fabric**

**75% Recycled Cotton, 25% Recycled Polyester**

**Flame retardancy**

**BS5852 Crib 5 as Standard**

**ABRASION : 100,000 Martindale Rubs**

**Total Weight : 500g/m2+4% per linear metre**

This luxurious fabric is made from 100% recycled fibres and is cradle to cradle certified. It is manufactured entirely from waste textiles. Textiles which may otherwise have gone to landfill.

All the recycled yarns (100% recycled cotton and polyester) used in its creation are certified to the Global Recycled Standard. The GRS is internationally recognised, widely understood, trusted, and respected by consumers. The source yarns are already pre-dyed, so each shade in the collection is developed through the careful selection and combination of those yarns. Earthly is produced with yarns that are GRS certified, which is an international voluntary standard that sets requirements for third party certification of recycled input and chain of custody. This process allows for the re-circulation and increased use of recycled materials. The GRS certification ensures that products are processed more sustainably, impacting as little

as possible on the environment as well as on the people involved in the manufacturing process. Varied textured effects, or fibres of different tones are to be considered inherent features of this type of fabric.

**Wash and Care :** Earthly should be cleaned regularly, Remove spillages promptly with an absorbent dry cloth. Solid stains should be gently removed first, before being wiped with a damp cloth in a circular motion. It is essential that all residue is removed from the surface. Do not leave liquids in situ. Do not use solvents, abrasives, synthetic detergents, wax polishes or aerosol sprays.
