Description:

This flower fleece boast a very high level of softness, the polyester fabric is created using very fine fibres, brushed to the softest pile on both sides of the fabric which is still smooth enough to hold a clear pattern of Hawaiian style blooms. The three shades used on the pretty print work beautifully together. The soft peach colour of the larger blooms is contrasted by a dark cherry pink background and highlighted with pale candy floss pink blossoms outlined in the cherry pink shade. The print size of the flowers starts a petite 2.5 cm across and goes up to a much larger 22 cm size for the big orchids.
