Description:

Oatmeal cream and soft smoke green upholstery fabric. The pattern on the fabric consists of abstract shapes of roughly drawn blocks, overlapping patches and spiraled stems of flowers and leaves. Three subtle shades are used in this design, Oat cream, ivory and a very pale green/grey shade. The green grey shade is very close to Pantone 5585 and is sometimes referred to as cameo green or misty green.

Strong polycotton thread in the grey/green and oat cream is used for most of the detail, with close napped chenille in ivory used for highlighting and adding an extra element to the texture. Even with the faintest hint of green in the fabric, this design would still work into neutral style interior designs around the home, hotels, coffee shops and cafes.
