Made from a densely woven 100% polyester fabric with a polyurethane (PU) back coating this gives the fabric an excellent waterproof barrier against liquids.

We hold regular stock of plain Camouflage fabric and the ready quilted fabric for fast dispatch

All quilting is done in house on our own dedicated multi-needle quilting machine, to ensure a quick turnaround

Note: The multi-needle quilting process on any waterproof or breathable fabric will compromise on breathability, durability and protection of the fabric, however will remain water repellent
