### Available Colours:

Natural

Product code: KBT12482  
**Selected Colour:** **Natural**  
Width: 46 cm  
Price: £1.99/mtr

### Description:

Scrim hessian a simple large, holed net fabric, known as hessian scrim. Lightweight yet heavy duty, the structure may be basic, but this fabric shows a lot of versatility from creative projects to industrial use.

100% natural and biodegradable hessian yarn loosely woven into roughly 1cm square mesh.

The hessian is woven in a natural state so the yarn is rough and taught with no stretch. It's these attributes that make the hessian net so hardwearing and a great multi use fabric.

- Natural product
- Eco friendly
- Biodegradable
- Lightweight yet strong
- Versatile
