Price: £17.49/mtr

Description:

Black, Recycled Cotton/Viscose, 450gsm/16 oz. Commando Cloth (known on the West Coast as "Duvetyn") is a versatile and durable drapery fabric. Though opaque, it is lighter and more economical than velour. Used in theatre, industrial shows, special events, and stock draperies. The most widely used black masking fabric in the entertainment industry. Excellent fabric with high opacity makes it the right fabric blocking light out for stage back drops, curtains, good option as a blackout fabric to create a fabric black box, mask stage areas, scenery, control light spill, Ideal for covering stage borders and legs in theatres Crease resistant. The acoustic qualities of this molton fabric is great to eliminate sound reverberation, very popular budget fabric for sound control drapes and short term temporary hire drapes
