Description:

Revitalize, Upgrade, or Enhance Your Vehicle's Seating Experience with 180cm Wide Black Twill Weave Vehicle Seating Fabric

When aiming to elevate the comfort, durability, and style of your vehicle's interior, look no further than the 180cm wide Black Twill Weave Fabric.

This fabric stands out as the ideal choice, offering a unique blend of practicality and aesthetics that is frequently employed in the interiors of popular cars, vans, camper vans, caravans, and bespoke vehicle conversions. Whether your intention is to replace, restore, or enhance your vehicle's seating, this fabric ensures seamless coverage, added cushioning, and a stylish appearance.

Explore further to understand why this fabric is the preferred choice among vehicle owners and how it can contribute to enhancing your overall driving experience.

Specification:

- Width: 180cm
- Thickness: 3mm foam backing with scrim
- Face Fabric: Twill Weave
- Foam & Face Fabric Adhesion: Flame bonded

- **Comfort and Durability:**

The 180cm wide Black Twill Weave Fabric offers a perfect balance of comfort, durability, and hardwearing qualities. Its twill weave construction ensures a smooth and luxurious feel, while the bonded 2mm foam and scrim backing provide added cushioning and strength. This combination creates a seating surface that is not only comfortable for long drives but also built to withstand regular use and maintain its integrity over time.

- **Popular Vehicle Applications:**

This fabric is widely used in the interiors of popular car and van models, including Mercedes Sprinter vans, Ford Transit, VW Golf, VW Caddy, Renault, Vauxhall, Iveco, and many others. Its versatility extends to various vehicle types, such as camper vans, caravans, and bespoke van and car custom conversions. By choosing this fabric, you can ensure a consistent and stylish interior across different vehicle models.

- **Wide Width for Seamless Coverage:**

With its generous 180cm width, this fabric provides seamless coverage for your vehicle's seating. This eliminates the need for unsightly seams and ensures a professional and clean finish. The wider width also simplifies the installation process, making it easier for both professionals and DIY enthusiasts to achieve a flawless result.

- **Scrim Backing for Strength and Stability:**

The Black Twill Weave Fabric is equipped with a scrim backing, which adds strength and stability to the fabric. This ensures that it can withstand the rigors of daily use and maintain its shape and appearance over time. The scrim backing also aids in the ease of installation, ensuring that the fabric adheres securely to the seats.

Order Fabric Swatches:

To experience the quality and texture of the 180cm wide Black Twill Weave Fabric first-hand, we offer fabric swatches that can be ordered online or by contacting our customer service.
