Description:

- Funky new lining fabric , now in stock!

100% smooth polyester lining fabric ideal for making a statement contrast with a plain coloured jacket or coat. The design on the fabric mixes clusters of messy style diamond shapes overlapping each other like an oversized snakeskin effect, along with a spray paint / splatter effect. The overall look is chaotic but fun.

The wine background uses dark and light green, cornflower to light blue, touches of black and minimal white. Both fabrics have a strong retro look of late 80s early 90s and could be used for fancy dress, retro style clothing, displays or merchandising.

- 100% polyester
- Retro 80s - 90s look
- Lining fabric
- Fun displays
- Smooth and lightweight
