Description:

Duchess Satin Fabric, 100% Polyester fabric a perfect choice of fabric for wedding dresses, wedding gowns, bridal wear, prom dresses, evening dress, lingerie and couture, duchess satin is a high thread count satin material woven on rapier looms, the mat sheen, luxurious quality, elegant feel of the fabric makes it more preferable for interior design, drapery, upholstery, cushions, curtains and decor.

150cm wide makes this fabric just right for skirts to keep the full curves, unlike like thin light weight fabrics tend to flutter.
