Description:

Outstanding water resistant fabric. Ideal for fixed and permanent installations located (outdoors awnings, pergolas, etc.). Guaranteed long term colour fastness and excellent protection against both UV rays and inclement weather. Easily maintained.

This fabric must be fixed at an angle to increase its water repellence;
the fabric is not 100% waterproof and will let water through during heavy rain, or if fixed as a flat sheet.

Please note: There are two weeks minimum waiting time on delivery of this fabric.

* Please Note, fabric is sold in continuous lengths. The Scalloped edge is for Illustration purposes only.*
